---

Jim and Paul,

The attached letter documents nomenclature changes for future sample collection on the Kalamazoo River. AMEC will be implanting these changes beginning with the field work scheduled next week.

Let us know if you have any questions or comments.

**Subject:** Area 3 Nomenclature Change for Sample IDs

Good Morning Chase

Please review the attached letter concerning the new naming scheme for Area 3 samples. If acceptable, please forward to James Saric electronically – and have the hardcopy sent via regular mail. If you have any questions or comments, please contact me. Anita

**Subject:**

Allied Paper, Inc./Portage Creek/Kalamazoo River Superfund Site  
Area 3/Former Otsego Impoundment: Field Sampling Nomenclature

Dear Mr. Saric:

As you know, AMEC Environment and Infrastructure, Inc. (AMEC) will be conducting field sampling next week in Area 3 on behalf of Georgia-Pacific LLC. We will be using a new naming scheme for the samples that will enable us to distinguish them from previously collected samples, while also facilitating identification of the type of sample represented, when and where it was collected.

The following format will be used for developing sample IDs:

AREA--MEDIUM--TRANSECT OR ABSA #--REACH/LOCATION & SAMPLE#--GRAB OR  
COMPOSITE--SAMPLE INTERVAL--SAMPLE DATE

<b>Area 3</b>	A3
<b>Medium</b>	FPS – Floodplain Soil Sample SED – Sediment Sample SOI – Incremental Soil Sample
<b>Transect or ABSA # Codes</b> (if applicable)	01, 02, 03, etc.
<b>Reach Location Code</b>	(for example) E - Otsego Dam to Trowbridge Dam
<b>Existing Location ID</b> (if already established)	(for example) KPT90-7
<b>Sample Code</b> (if applicable)	001, 002, 003 etc.
<b>Grab/Composite Codes</b>	G – Grab C – Composite
<b>Sample Interval in Inches</b> (if applicable)	0-6, 6-12, 12-24, etc.
<b>Sample Date Format</b>	(for example) 0713 – July 2013

Note: if information is not applicable, it is not included in the sample ID.

**For Example:**

**A3-SOI-E001-C-0-6-0713**

Area 3, incremental soil sample, Otsego to Trowbridge Dam, sample # 001, composite, 0 – 6 inch sample interval, July 2013

**Quality Control Samples**

**Trip blanks** - Example: A3-TB01-070113

The first trip blank collected in Area 3 on July 01, 2013

**Rinse blanks** - Example: A3-RB01-070113

The first rinsate blank collected in Area 3 on July 01, 2013

**Matrix spike (MS) and matrix spike duplicate (MSD)** - Example: A3-SOI-E001-G-0-6-0713-MS, A3-SOI-E001-G-0-6-0713-SD

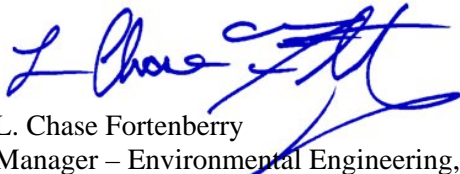

Matrix spike sample collected from Area 3, incremental soil, Transect not applicable, Sample 001, Grab, collected at 0-6 inches, in July 2013, matrix spike, matrix spike duplicate

**Field duplicates** - The field logbook will note from which sample location the duplicate was collected. Example: A3-FD01-070113

The first field duplicate collected in Area 3 on July 01, 2013.

If you have questions or concerns about the proposed nomenclature change, please contact us.

Sincerely yours,

L. Chase Fortenberry  
Manager – Environmental Engineering,  
Environmental Affairs
